

November News

Apply to any BC post- secondary institution through this link:

educationplannerbc.ca

Make your profile and connect to the institution of your choice to complete the application process.

Within a couple of weeks, you should receive an email from the institution informing you that you have been conditionally accepted. The condition is that you graduate and that you meet the admissions requirements for the program you have chosen. This email will also include your new student ID #. **Please keep this in a safe place so you can access it.**

You will need this ID # to log on to the new email of your future institution.

Good news: the PSI link is now working!

PSI: Students graduating in 2017 considering a post- secondary education, must complete their PSI selection as soon as possible. This is mandatory for privacy reasons so that each students' grades can be received by the institution of their choice.

Instructions for the Online PSI Selections

An instructional document is available

at: www.bced.gov.bc.ca/exams/trx_updates/pdf/psi_selections_instructions.pdf

This document includes snapshots of all the screens students will use to select PSIs.

Secure Web Login

Students access the online form by logging into the Student Secure Web (SSW)

www.bced.gov.bc.ca/exams/tsw/tsw/student/

Click the menu option "**Post Secondary Institutions Selections**".

- * Students who have forgotten their password and have not logged in to their SSW account in the past year must recreate their account using the "Create Account" link - a password reset is not required.

If you have any problems with this, please come and see Ms. Solgaard in the Career Centre.
